

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

The failure of Western & Marxist social science to penetrate Muslim society seems clear to me. Nothing I'd read prepared me for the reality of existence at this level: except a) spiritual books b) works by adventurers like Burton & the Way Stations of Gigger Myths.

Chouan: The most beautiful town to have a jail in.
Helping the cop pull his motor/Simca & replace pistons
beside ruins of old Spanish colonial fort - women
wailing at a 3 day wedding echoing off the cliffs
above. We drive the man (in our car) to the Central
Police H.Q. in Tetouan - riff edge to be booked &
imprisoned - judged by 3 man faggot actor tribunal -
God's puppets - thinking that it was their show & we
in their power - 3 months' sentence.

PATRIARCHIAL PRISON LIFE

Our home 14'x50', 60-80 men, 30 bunks, 30 mattresses filled w/straw & bugs rolled up against the other wall. Condemned & awaiting trial mixed - criminal & civil cases (i.e., auto accidents). Ages: 16-80, average age 20-22 - 3/4 city & 1/4 country people who stick together & don't participate in general horseplay. Foreigners: 3 Italian, 2 Canadian, 2 US, 1 English - all kief offenses. Exercise: 45 minutes in patio. The hum of human music. HOW DOES ONE REALLY SHIT/SHOWER & SHAVE IN FULL PLANETARY IDENTITY? Mile-a-minute rap in multilinguicity.

Skinn'd down to shape/HUMAN RUB - CONSTANT ROAR -
RUMBLE OF PRAYER & RECITATION - every whisper at the
loudest pitch.

SHOUT A SECRET/NONE EXIST

All shades holding/singing. Men used to men. Center
aisle a stage 6' wide & 40' long, everyone actor/
audience playing the role he is. At the front
BABA FATR - 10 years down 3 to go - fought in the
Liberation struggle - some ill-defined politics &
prison his freedom in the new order. Too honest for
kings & faggots & generals wheeling/dealing/stealing.

WE EAT WELL TO KEEP THE BUGS FED

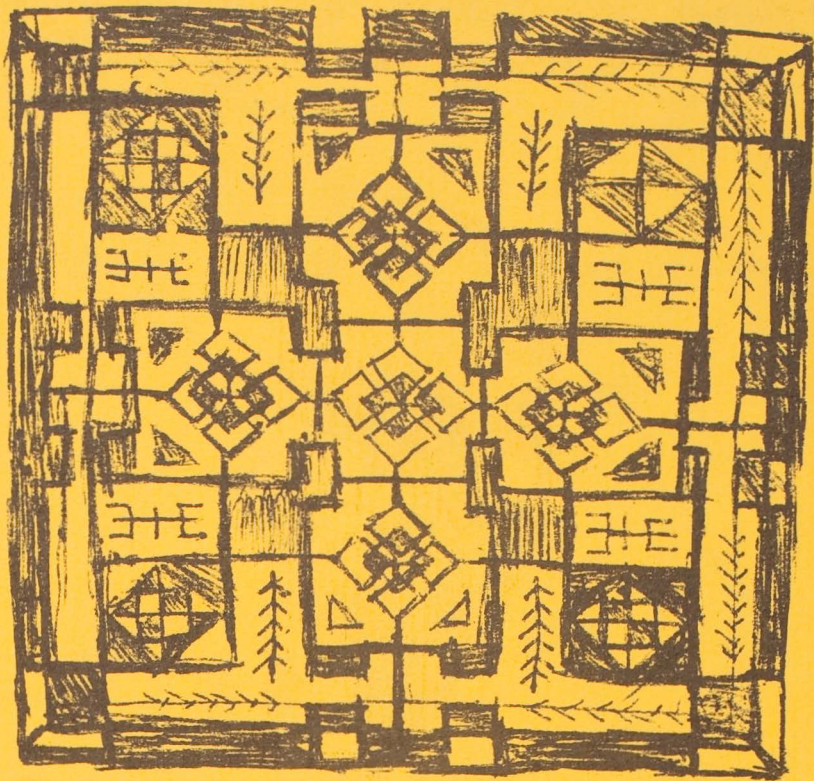

FATR runs his house on ancient ways. He is the host - we the guests - he serves the food & supervises supplies from wherever they come - usually us. Down the line groups w/their own fire/hearth pot/food & kief the common definition of companions. Old men from mountains & other country-kin quiet in a row - eyeing everything, saying lots of prayers. Everything in folds & hoods of brown wool cloak. Jilaba of the Jibli.

Pressure cooker full of smoke and raw temper - controlled by the Islam Valve. Enough prayer-fasting-experience-remembering & Salaam Alikum's to regulate the stew. Each pot put together in the center of each group collecting around, dipping bread - the daily bread - never knew it to really be so before.

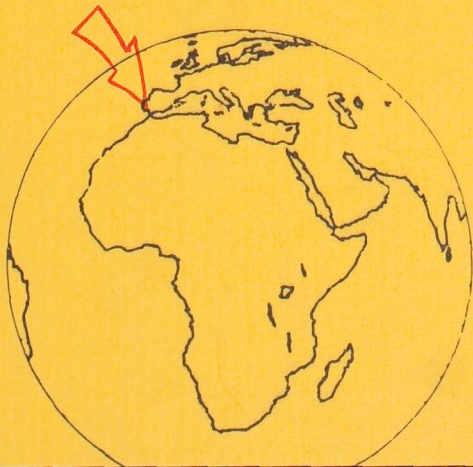

"Pray each prayer as if it were the last &
do yr work as if it were to continue for eternity"

Mustafa Saracovic

Drawing pictures/portraits & learning Arabic. Back
slipped out & hobbling around, just hanging out goin'
thru the changes waiting for the next day's newsreel -
CONSTANT CHANGE, NOW'S REAL. Rumor has it that we
might leave here some day, freedom is only another
form. Life is prison - do good time & LOOK FOR
FREEDOM INSIDE FINDING THE PATH TO ABSOLUTE REALITY
OF GOD & UNITY - WORKING EAST ACCORDING TO THE SIGNS.
